The Zoom Parasol is a professional-grade 2x2 metre square umbrella designed for maximum shade, visibility, and branding impact at outdoor venues. Crafted from a robust 40mm hexagonal aluminium frame, it offers the perfect balance of strength, stability, and modern design. Its durable build ensures it can withstand regular outdoor use, with wind resistance up to 15mph, making it ideal for cafés, markets, festivals, and promotional events.

An optional weather-resistant printed graphic provides a premium branding opportunity, delivering vibrant, high-quality visuals that stand out in any setting.

The parasol base is sold separately.

Material	Aluminium
Profile width	40mm Hex
Assembly	Tool-Free
Graphic area	Single-sided canopy
Graphic attachment	End pockets

Inflatables

Bora Tent

The Bora Inflatable Tent is a sturdy and attractive option for outdoor displays. Create shade and shelter for a registration desk, refreshment area or meeting point that fully shows off a brand.
As one of the largest products in the range, there is plenty of print area on the canopy and backwalls (optional extra) for brand messaging. The backwalls zip in, so can be changed for a different message from the canopy if you wish. The Bora Tent uses trapped air technology: silent and free-standing once inflated.

Material	TPU, Polyester inner coat
Graphic area	Single-sided
Graphic attachment	Zip system (standard) / hook and loop (full graphic)
Ground fixing	Pegs (optional, not included)
Wind resistance	Up to 24 mph / 39 km/h (if pegged)
Transport	Carry Bag (included)

Bora Inflatable Column

The Bora Inflatable Column is part of our outdoor display range, offering a robust, flexible and highly eye-catching solution for events and promotions. Standing an impressive 2.2m tall, the vibrant graphics ensure your message is seen above the crowd. Ideal for both indoor and outdoor environments, it's a striking way to maximise brand visibility at any event.

Material	PVC Inflatable column including base with 15 litres capacity
Assembly	Tool-Free
Graphic area	Single-sided canopy
Graphic attachment	Fabric graphic
Wind resistance	13-18 mph/20-28km/h when pegged down

Bora Column	
INFLCOL-220	2390mm(h) x 460mm(w) – 3.8kg - Column

Pair of Spring Clips	UB214-SC	UB215-SC

3

Choose your graphic attachment

For locations that are subject to high wind, we recommend using poles top and bottom.
Spring clips are suitable for locations unaffected by wind and for those looking for a budget option.

Digital Display

High Brightness Outdoor Digital Battery A-Boards

Turn heads outdoors with our battery-powered Digital A-Board - a sunlight-readable, fully portable screen that keeps your message shining all day and night on a single charge. Built with an ultra-lightweight moulded polymer rear, it's easy for one person to move and position wherever the footfall is. And with rugged, vibration-resistant castors designed for uneven surfaces, it rolls smoothly while helping protect internal components for reliable performance.

- Portable with integrated wheels
- 27 hour running time
- Tempered anti-glare glass
